https://odysee.com/@PatrioticAlternative:f/second_birthday_promotion:c

I am Company Secretary and Vice President of Business Affairs of Sony Music Entertainment UK Limited (“SMEUK”). SMEUK is the owner of the copyright in the sound recording entitled “Underdog” performed by the artists pka Kasabian. Underdog has been copied, synchronised and reproduced in the PA Video and made available on your service at the above URL. No consents have been given by SMEUK for any of use of Underdog in the PA Video. SMEUK UK requires the PA Video to be removed immediately.

I have previously reported this violation through the “report content” function on the odysee service and consider the takedown notice already validly served.

This letter is official notification under Section 512(c) of the Digital Millennium Copyright Act (“DMCA”), that SMEUK require the removal of the PA Video from your servers. SMEUK again request that you immediately notify the infringer of this notice and inform them of their duty to remove the infringing material immediately, and notify them to cease any further posting of the PA Video to your server in the future.

Please be advised that law requires you, as a service provider, to remove or disable access to the infringing materials upon receiving this notice. Under US law a service provider, such as yourself, may enjoy immunity from a copyright lawsuit provided that you act with deliberate speed to investigate and rectify ongoing copyright infringement. If service providers do not investigate and remove or disable the infringing material this immunity is lost.

I am providing this notice in good faith and with the reasonable belief that SMEUK’s copyright is being infringed. Under penalty of perjury, I certify that the information contained in the notification is both true and accurate, and I have the authority to act on behalf of SMEUK.

Should you wish to discuss this with me please contact me directly.

Yours sincerely

Simon Jenkins
